

Dear GCC members,

Many of you are successfully using the features of our great new interactive website and member portal. We encourage all GCC users to transition to using the website for messaging – we anticipate a lot of activity before our 2015 conference. **Please note that the official phase-out of the GCC Google Group will be completed July 31, 2015.**

Instead of the Google Group, there are several active message boards for you to utilize. After logging in, you can follow the screen shots and instructions below to make the most of communicating with your GCC peers.

Quick Guide Instructions for messaging with GCC members:

- 1) Log-In to: <http://gradcareerconsortium.org/>
- 2) Go to the “Member’s Area”

- 3) If you haven't done so in a while, check into your profile, and edit or update the information there. As the GCC expands, it is nice to see who's who in our group! Don't forget to add a profile photo, it is easy to upload and you can choose whether or not to make the image public.
- 4) Now... on to the message boards! Scroll from the top of the page until you see the Members Area Features. Note the section that says “Message Boards” under the Interactions feature.

Please suggest new message boards and remember to 'opt-in' to all the boards to get new topics emailed directly to you. If you have any trouble navigating the boards or have a suggestion, please email Info@gradcareerconsortium.org.

Click on one of the boards below to view topics and reply.

If you would like to receive e-mail notifications when new topics or responses are posted within a board, check the 'opt-in' checkboxes next to that board.

If you would like the e-mail notifications to be limited to one email per day per board, check the 'daily digest' checkboxes next to that board.
